DEEPDIVE

# Breathe new life into your legacy PBX infrastructure

Upgrade your existing PBX to seamlessly support on-demand scalability and deliver unparalleled call quality, ensuring that your network infrastructure expands effortlessly alongside your business growth.

## Why Choose Horizon Telecom?

Communications consistent with your company's needs

Stay operational during high-demand periods and support long-term growth with Horizon Telecom's SIP trunking solution. Our solution is compatible with most certified PBX vendors, including Avaya, Mitel, Cisco, ShoreTel, and Panasonic, offering:

- **Transparent usage-based pricing:** Pay only for what you use with no hidden fees, allowing for cost-effective communication solutions.
- **Unlimited domestic calling:** Enjoy seamless communication across the nation, enabling uninterrupted operations.
- **Global number coverage:** Expand your reach with international number availability, ensuring global connectivity.
- **Instant, on-demand scalability:** Effortlessly scale your communications to match your business needs, whether you are expanding or managing seasonal demand.

# Enable flexible and more reliable communication

Horizon Telecom offers solutions designed to enhance your business communications with flexibility and reliability. Benefit from a trusted, geo-redundant network used by global corporations, 24/7 high-touch support from SIP trunking experts.

## What can Horizon Telecom do?

The solutions that Horizon Telecom offers are designed to provide flexibility and more reliability, ensuring your business remains connected and compliant:

- **Trusted infrastructure:** Benefit from Horizon Telecom's carrier-grade, geo-redundant network is trusted by corporations and carriers located throughout the world.
- **High-touch support:** Take control of your communications with 24/7, on-demand high-touch support from our team of SIP trunking experts, ensuring any issues are swiftly addressed.
- **Designed for reliability:** Backed by our global network, our SIP trunking service is considerably more reliable than most primary rate interfaces (PRIs).
- **Your one-stop shop:** Access a comprehensive portfolio of synergistic services, including SD-WAN, Cloud Voice, Teams Phone, and more, providing a complete communication solution.
- **Global scalability:** Horizon Telecom owns the entirety of our global network and has the capacity to install our own circuits, enabling unprecedented coverage.

## Unlock Flexible and Reliable Communication with Us

With a comprehensive suite of services like SD-WAN, Cloud Voice, and Teams Phone, and global scalability through their own network, Horizon Telecom provides a complete and dependable communication solution for your business.

# Transform your legacy PBX infrastructure

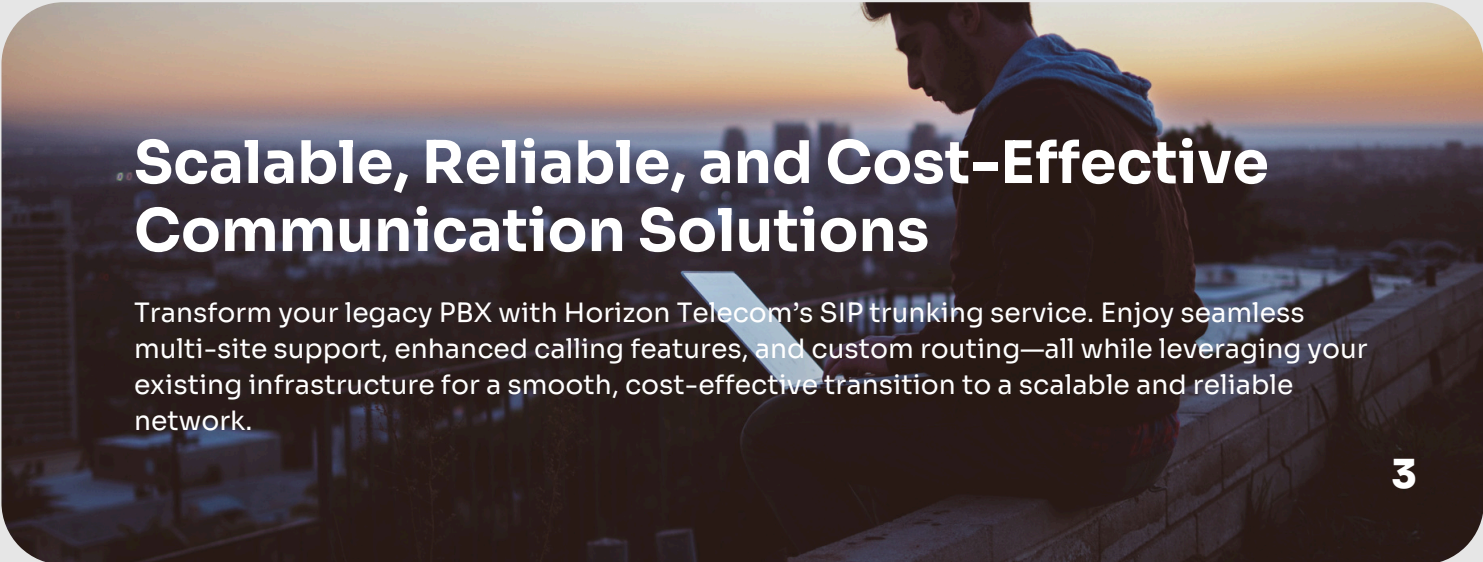

Upgrade your business communication with Horizon Telecom and experience the benefits of a modern, scalable, and reliable network designed to grow your business.

## The Horizon Telecom Difference

Transform your legacy PBX infrastructure into a scalable, easy-to-manage communications network with Horizon Telecom's flexible SIP trunking service. Horizon Telecom will provide you with a digital service to support all your network routing needs, with benefits that include:

- **Multi-site deployments:** Support both regional and global growth with ease, ensuring consistent communication across all locations.
- **Compatibility with Horizon Cloud Voice:** Enable feature-rich calling capabilities, enhancing your communication infrastructure without significant changes.
- **Leverage existing infrastructure:** Eliminate the need for costly upgrades by utilizing your current setup, making the transition smooth and cost-effective.
- **Custom routing:** Support your call flow and networking needs to your business requirements, providing a personalized and efficient communication solution.

Upgrade your business communication with Horizon Telecom and experience the benefits of a modern, scalable, and reliable network designed to grow your business.

## Scalable, Reliable, and Cost-Effective Communication Solutions

Transform your legacy PBX with Horizon Telecom's SIP trunking service. Enjoy seamless multi-site support, enhanced calling features, and custom routing—all while leveraging your existing infrastructure for a smooth, cost-effective transition to a scalable and reliable network.
